On the occasion of National Innovation Day School of Electrical and Electronics Engineering, REVA University

Organized an Idea Competition

"Ideathon 2.0 Kalpavruksha (Tree of Ideas)"

About the event	**School of Electrical and Electronics Engineering** organized an Ideathon Competition on 11th, 12th & 13th October 2021 from 9.30AM to 12:30PM for REVA University students to develops a culture to encourage people to think out of the box. Ideathon 2.0 provides a platform for students to unleash their creativity and collaboration skills, two vital skills for future learning and career development, through coming up with ideas and building the product collaboratively. Providing opportunities to bridge the gap between student and the external world to make students capable to face the corporate competitive environment. Students can show their talents while utilizing their skills, enhancing their knowledge and working capabilities and hence they can redefine their limits. **About the Ideathon 2.0:** All the great inventions were once a mere Idea. An idea that changed the world forever. Students challenge themselves to create something new and to take ownership of what they create. These are important but often neglected experiences. The purpose was to D'code Your Thoughts and trade it. **Objectives:** ➢ To contribute to the creation of a culture of accessibility. ➢ To motivate students to think about accessibility issues and to include accessibility in their creation of social and technological innovations now and in the future. ➢ To develop cost-effective, practical and innovative concepts, programs, initiatives or designs that address everyday accessibility issues **Outcomes:** ➢ To inspire students to use their creativity to develop innovative, cost-effective and practical solutions to accessibility-related issues making communities more accessible for persons with disabilities.

	Theme of Ideathon • Smart City, Transportation & People. • Protect the Mother Earth. • Rural Education & Livelihood Improvement. • Technology in Agriculture. • Health, Hygiene & Food Security System. • Innovation in Space, Defence, Robotics & Cloud Computing. The competition was conducted in two Rounds: Preliminary Round- Poster Presentation (Flex- A3 size as per format provided): All Participants (7min Presentation) & Final Round- Power Point Presentation (PPT) with Business plan: best 15 Idea Proposal (15 Min Presentation). Evaluation Criteria were based on Innovation, Credibility, Sustainability, Feasibility & Impact on above themes. **Prize Winners:** 1. Idea Title - Smart Intravenous Infusion and Vital Monitoring System- Mr. Raghavendra. M. Bantnoor from 7th Semester. 2. Idea Title - Lost and Found Using Bluetooth – Mr. Vinayak K Angadi & Mr. Sohan K. from 3rd Semester. 3. Idea Title- Traffic Signal Pre-emption for Ambulance and Public Transport Vehicles – Mr. Abdul Amaan & Ms. Ishani H Jain from 5th Semester.
