UNIVERSITY
Bengaluru, India

**PLACEMENT
BROCHURE
2021-22**

FROM THE CHANCELLOR'S DESK

Dear Game Changers

Welcome to REVA University!

I like to address the student populace as game-changers because we, at REVA, believe in the phenomenal power of the youth, and their powerful ideas. As students, you hold the power to transform society and change the paradigm of every development – economic, social, and cultural. Gen Z is born with immense capabilities that can change the face of a nation, and we are proud to cultivate, nurture, and discipline such game-changers at REVA University. The University is driven by the founding philosophy that 'Knowledge is Power', and we are striving to build a community of perpetual learners who can achieve everything they aspire. To build such a community, learning should be continuous, and cross all borders. Hence, REVA University has adopted the mission to make learning unlimited. Our driving principle of 'Learning Unlimited' is empowered with the adoption of technology.

As we have seen in the recent past, technology in education is not just an enabler, but a necessary medium, and the crisis in the Education sector during the pandemic helped us all understand the importance of virtual learning. Fortunately at REVA, we had adopted a digital-first approach towards educating our students, and our preparedness helped us smoothly transition towards online learning.

The pandemic was also a reminder that blended learning is the way forward and is the biggest enabler of seamless learning. Our core vision remains to change the way students learn from traditional learning methodologies and we are happy to adapt and adopt technological changes.

The ecosystem at REVA University is not only tech-centered but is developed in such a way that it contributes to the overall development of a student.

Moving forward, we aim to make all the disciplines at par with our exclusive programmes, and REVA aspires to be a coveted multi-disciplinary University. True leaders and game-changers are made when a University takes it on its shoulders to mould personalities and gives life to the ideas of its students. With the dedicated efforts of our eminent faculty members, I am certain REVA University students will be guided and mentored in such a way that they will be the game-changers of tomorrow.

Best Regards,
Dr. P. Shyama Raju

“

All that man has to do is to take care of three things;
good thought, good word, good deed.

”

- Swami Vivekananda

MESSAGE FROM DEAN, Training & Placement Cell (Career Development Centre)

Dear all,

The Training & Placement (T&P) Cell (Career Development Centre) at REVA University is the chief facilitator for the students to obtain placements best suited to them and primarily liaisons between Industry and the Institute. One of the goals of the Training & Placement Cell is to provide world-class training to REVA University students.

The Placement Cell has emerged as a favoured destination for many national and international organisations who come back year after year to recruit fresh talent nurtured at the University. The Placement Cell is dedicated to motivating and helping the student community towards their campus placements and industrial training. This is done by training students from the first year onwards focusing on motivational skills, communication skills, interpersonal relationships, leadership qualities, group discussions and interview techniques. Additionally, the Cell also provides the required infra-structural facilities to conduct group discussions, tests and interviews besides catering to other logistics.

The database of the students is managed by the cell, which plays a crucial role in suitably placing the alumni too whenever required.

Best Regards,

Dr. N. Ramesh

About REVA University

REVA University is a State Private University established in Karnataka State under the Government of Karnataka Act No. 13 in the year 2013 in Bengaluru, the IT capital of India. REVA University is recognised by the University Grants Commission (UGC) and is approved by the AICTE (All India Council for Technical Education) and is accredited by NAAC. As per the QS Asian University Rankings 2023, REVA is ranked 6th among State Private Universities in Karnataka and 47th in India.

REVA University prides itself in contributing to every student's holistic development. The University currently offers 41 full-time Under Graduate Programmes, 32 full-time Post Graduate programmes, 18 PhD programmes, and certification and diploma programmes. The University offers programmes under the faculty of Engineering, Architecture, Science and Technology, Commerce, Management Studies, Law, Arts & Humanities, and Performing Arts & Indic Studies. Courses are offered in Certificate/Diploma and Post Graduate Diploma too. REVA University facilitates research leading to a Doctoral Degree in all disciplines. The programmes offered by REVA University are well-planned and designed based on methodical analysis and research with an emphasis on knowledge assimilation, practical applications, hands-on training, global and industrial relevance, and their social significance. During the pandemic, the paradigm shift from offline to online was hassle-free. As a University we took all the necessary measures to combat the challenges.

The placement team also conducted sessions to explain the various portals used for interviews and provided the simulation which prepped the ward in attending the interview without any challenges.

The training modules were redesigned to suit the current scenario. The training was completely online with full trainer-led hours, virtual interactive sessions, portal-based periodic assessments, mock interview simulators and placement boot camp which includes all the attributes required to attend the interview drive.

During unprecedented times, the industry completely leaned on technology-based hiring. As a placement team, several connected sessions with our recruiting partners helped us to align with industry requirements and set the virtual ecosystem for recruitment.

The association with Zenken Corporation propelled our international offer count for the current academic year. When it comes to international recruitment, a well-established multilingual language centre added value to our wards' profiles and flagged them at the top. The placement teams also plan to expand the horizons for top-notch international companies in days to come.

Since its inception, REVA continues to strive to be the top education destination in India, offering the country's most advanced and futuristic education. With the current trends in mind, REVA moulds students to work in a post-pandemic world and adjust to the new ways of work culture.

FROM THE CAREER DEVELOPMENT CENTRE

REVA Career Development Centre (CDC) assists students in choosing the right career path through interest mapping and training from partnered experts and imbibing skills so that they are well equipped during the transition from campus to career paths. Trainings are well-structured and meticulously designed in collaboration with domain experts. In-house counselling, motivational talks and workshops from industry veterans, and training students in new technologies which meet the needs of recruiters. Conducting placement boot camps is one of the innovative approaches that have resulted in REVA achieving an elevated number of placements in consecutive academic years.

Corporate Advisory Board (CAB) constituted by CDC with its members being the veterans from the industry, assists in adapting to new requirements and dealing with challenges by pitching in at the right intervals so that we stay ahead of the time. CDC also recognizes and encourages students to become entrepreneurs, continue family businesses, and guide them for government civil service examinations. REVA is empaneled with 450+ recurring recruiters who hire talents from REVA. The CDC assists students in the confluence of reputed companies with dream packages. Additionally, we support students who want to build their careers abroad by giving them the necessary skill sets and teaching them the foreign languages required by employers in our specially created language centre.

Whilst, knitting the close association with the recruiters and developing our students according to industry standards, we sign up a Memorandum of Understanding (MoU) with the core companies for "train, intern and on roles" module; is an irrefutable our curriculum is industry oriented and inclined precise to the domain. CDC nurtures students in holistic development by spotting their talents, flagging interest, channelizing career path to achieve their goals; witnessing success stories is an acknowledgement of the conscientiousness.

Wishing you all a prosperous and fun filled career ahead.

Quick Facts

AWARDS AND RECOGNITION

- The academic activities at REVA University from inception have been quality-oriented and recently the University has been successful in getting recognized for its Quality Management System through BSCIC Ltd. in the form of ISO 9001:2015 QUALITY CERTIFICATION.
- Awarded as "Promising Upcoming University in South India 2015 - By BERG Singapore Education Award
- GREEN CAMPUS Award

INFRASTRUCTURE

Being the dearest project of one of the most renowned developers of the city – DivyaSree Developers, the REVA University campus is a perfect blend of expert design and thoughtful infrastructure that caters to every educational professional and recreational needs of the students, faculty and staff on campus. The University is spread over 45 acres of land and has a sprawling green campus. It is located close to the Bengaluru International airport. The infrastructural pride of the University is its Library and ICT block. Located at the heart of the campus, the fully air-conditioned Library provides a mix of learning environments to meet various student needs - be it a quiet, individual study space or a group discussion set-up or even a technologically enabled atmosphere. The spacious, well-ventilated gallery classrooms at the Main Block accommodate students from various courses and academic years to interact and learn from peers and faculty. The youth of today functions on a fitness mantra and REVA ensures that all their recreational and fitness

needs are met on campus through state-of-the-art indoor and outdoor sports and games facilities. REVA hostels are genuinely a home away from home. Providing a comfortable and safe environment to its students is the University's top priority.

REVA believes that apart from their in-depth subject knowledge, students need to upkeep themselves with a variety of skills coupled with team spirit and leadership qualities. It promotes various activities apart from classroom lectures and lab practice. REVA has an adequate number of auditoria and seminar halls to facilitate such curricular and co-curricular activities. REVA University also has a dedicated NCC wing that makes earnest efforts to groom the students into disciplined and patriotic citizens. The NSS chapter at REVA University has several students who engage in social services and activities. The NSS volunteers work on various projects and strive to do better for the well-being of society.

STUDENT ACTIVITIES AND ENROLLMENTS

The student forums provide outlets for students to be involved in exploratory activities supporting overall development. They are actively involved in conducting guest lectures, workshops and conferences along with celebrating events. They

independently drive initiatives like Knowledge Sharing Sessions, Code Jams, and Hackathons. They also play their part in social causes like blood donation camps and NSS programmes.

- School of Computer Science and Applications
- School of Applied Sciences
- School of Allied Health Sciences
- School of Legal Studies
- School of Performing Arts and Indic Studies

Career Development Centre

REVA University has an all-inclusive placement training program that engages students with pre-placement training early on. Commencing in the first semester, the program progresses along with mainstream studies. This facilitates learning for 'industry readiness' provided by career development centre. The Centre organises an exclusive soft skills, aptitude and technical training program for students, imparted by veterans in the field. This course helps students develop technical competencies and domain specific knowledge. The course involves developing interpersonal, communication, team building by leadership skills, logical reasoning for greater productivity and performance and above all 'employability'. The Soft Skills training sessions covers everything that will enable a student to stand out in a crowd of career builders. It is designed to help acquire skills that are core to success in domain of their aspiration, to gain personal insight and practical skills to develop and implement a mental framework for a good and professional approach to their career.

INTERNATIONAL PARTNERSHIP AND MOU's

ROLE OF PLACEMENT AND TRAINING

We at REVA University are proud and excited to start an exclusive training program for our students, imparted by experts in the field. This training at REVA would help students to develop competencies and capabilities. It would help them to develop interpersonal, communication, team building and leadership skills, for greater productivity and performance and above all 'employability'. The course structure is progressive in nature and would see a rise in level as each semester progresses. This has been done keeping in mind their present requirement and making them ready for a scenario down the lane. Initially, the program would cover the First year students and gradually would go on to include the other semesters as well.

When students think about business communication and the need for an impressive presentation, they seldom consider mistakes in conversational English and demeanors, those that occur commonly among them across all fields. Human resource management experts are of the opinion that effective communiqué is an important ingredient in creating a complete persona and learned students

are the ones who know how to effectively showcase themselves. The corporate world is a stage and all of us are performers. Thus, also arises the need of building an exquisite personality and ability to make lasting impressions through the perfect conduct. The Soft Skills training sessions would cover everything that would enable a student stand out in a crowd of career builders. It is designed to help them gain the personal insight and practical skills to develop and implement a mental framework for a good and professional approach to their career.

THE MAIN OBJECTIVE OF THESE TRAININGS WOULD BE AS FOLLOWS

- Enhance and improve employability skills.
- The ability to communicate effectively with co-workers, employers, clients and customers, friends and family members.
- Improve personal and professional effectiveness.
- Help in upgrading skills.
- Development of presentation skills to promote more successful projects.

PEDAGOGY

Soft Skills are quite different from conventional methods of training. By conducting a lot of interactive activities related to behavior the trainer helps in bringing out behavioural changes among the individuals. During this training real life environment is created and participants are trained in a simulated environment through various activities like

- Single and Group Presentations
- Story Building Sessions
- Team Building Games
- Group Discussions
- Role Plays
- Practical exercises
- JAM Session

LEARNING OUTCOME

The most important thing that the participants take out of the session is the confidence to communicate with anyone and everyone. They show an eagerness to enter into a discussion with innovative ideas and most importantly with a new range of pleasing and confident vocabulary. Their improved communication takes them to higher motivational levels and their overall performance improves. It is believed that the participants will have a better vision, self awareness and direction towards organizational and personal goals. They would discover the importance of

a well groomed and complete personality and how the latter helps in conquering pursuits. The participants would learn to handle time better and to their advantage through various activities and interactive exercises. The objective is to make them have a clear sense of purpose and be goal focused. To sum up, they would know ways to overcome barriers to their personal and professional achievements.
