

## **Report on “Pragna”-Traffic Awareness Program**

School/Department: National Cadet Corps (NCC)/NSS

Venue: REVA Circle (BSF Circle)

Date: 3rd October 2022

### **Description of Event**

The NCC Cadets are controlling traffic along with Capt. Dr. Munegowda, NCC officer and Prof. Madhu B P, NSS Program Coordinator at t h e REVA Circle (BSF Circle) from

7.45 AM to 8.45 AM all working days from 3<sup>rd</sup> October 2022 till date. This movement is necessary to control the traffic as it will be inconvenient for schools, colleges, and public in the vicinity to commute due to peak hour traffic. It is a physical guideway to control the crowd. Based on the requirements, students at REVA University are controlling the traffic with the help of signboards.

They are doing it by supervising the movement of people, goods, and vehicles to ensure efficiency and safety.

### **Objectives of Traffic Control**

- To raise awareness on road safety and road discipline.
- To ensure that the safety on roads is kept up to par.
- To ensure the safety of students and public.
