LĪLĀVATĪ

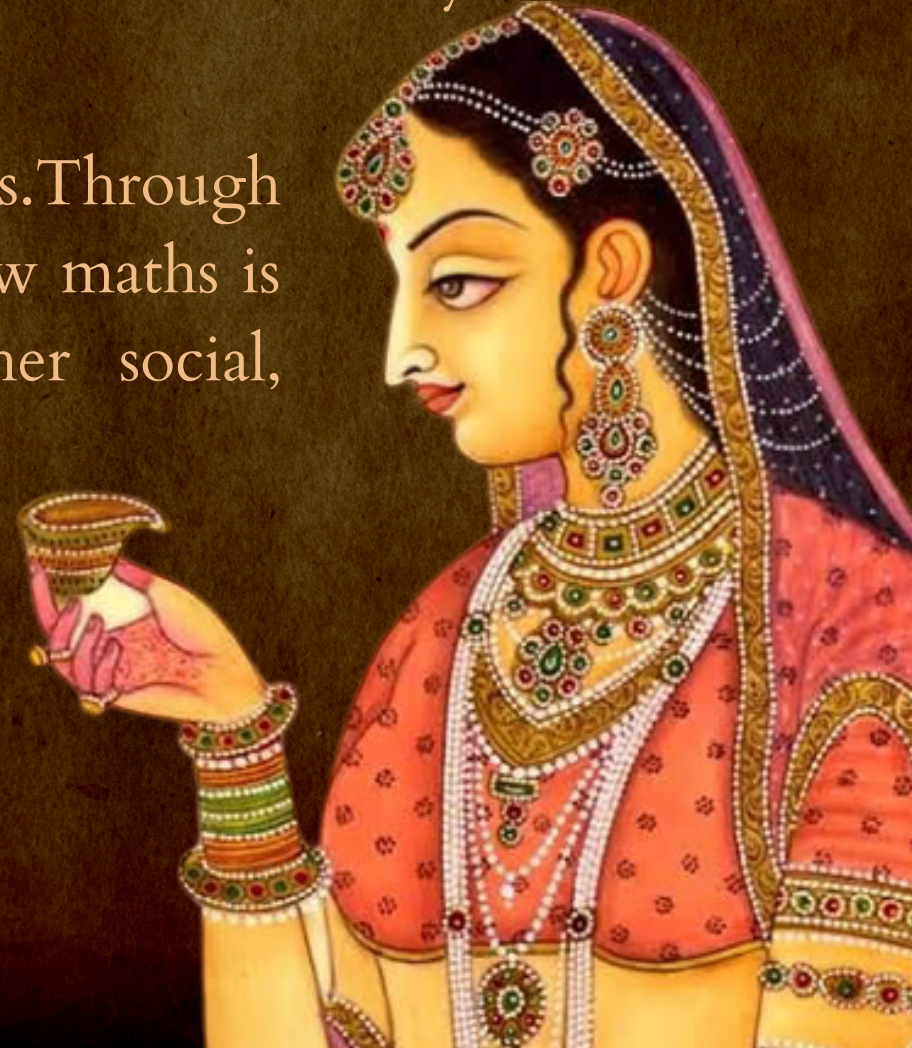

BHĀSKARĀCĀRYA'S

गणिते तत्त्वं सत्त्वं च

Līlāvati is a phenomenal treatise on Mathematics written by renowned astronomer and mathematician Bhaskaracharya II for his beautiful daughter Lilavati in the year 1150 AD. The book is the first volume of his main work Siddhanta Shiromani ("Crown of Treatises"). Līlāvati served as a textbook for nearly 800 years in all parts of the world and is popular even in this 21st century.

Mathematics is the cradle of all creations. Through this production, we are showcasing how maths is present in all aspects of life whether social, political or spiritual.
