‘Temple premises cleaning- Kaiwara’

School/Department: School of Civil Engineering

Club: Smt. Rukmini Shyama Raju Club

Venue: Adinarayana Swamy Temple, Kaiwara (Lat: 13.3475⁰ , Long: 77.9858⁰)

Date: 11th January, 2023

Description of Event:

The Smt. Rukmini Shyama Raju Club of School of Civil Engineering, REVA University meant for social service completed the event of cleaning the premises of **Sree Adinarayana Swamy Temple, Kaiwara, Chikkkaballapur taluk** on 11th January, 2023. The place kaiwara is one of the religious centre known for the saint Yogi Narayana known as ‘**Kaiwara Thathaiah**’. This is also a place suitable for conduction of Extensive survey camp of the various technical institutions.

School of Civil Engineering under the banner of **Smt. Rukmini Shyama Raju Club** with the objective of fulfilling the social service for the community, took up and completed the cleaning activity of premises of **Sree Adinarayana Swamy Temple** with the direction and aspiration of temple authorities.

Event Objective:

1. Address the social problems in view of public need.
2. Pursuit of Social service by offering physical and monetary assistance.
3. Secure better living conditions and conducive atmosphere
4. Promotion of sanitation and hygiene conditions.

Event Outcome:

- The student participants were highly energetic and enthusiastic to make the event a big success. It was appreciated by the people of kaiwara as it was one of their problems.
- Stimulated the social service activity among students by promoting cleaning of temple premises.
- Achieved the temple cleaning by roof terrace and temple surrounding thus achieved the conducive and better condition of the premises.
- Involved the student in Social Service activity which is one of the objectives of Smt. Rukmini Shyama Raju Club for Social service. The blocked drain pipes of terrace was cleared thus achieved the better sanitary conditions.

Temple cleaning details of Kaiwara:

Inspection of the temple, the cleaning requirements of **Sree Adinarayana Swamy Temple** along with the probable date and timings of the cleaning work were discussed and finalized. The manpower and required tools were mobilized. The cleaning work of the temple was taken up by the students of School of civil engineering during the afternoon hours of 11th January, 2023. The students were divided into groups and were assigned the sweeping/cleaning, collection and conveyance of dust/debris to a identified place outside the temple was done. The students of the club participated in the event with enthusiasm and completed the event successfully to the requirement and satisfaction of temple authorities. Later the blessing of the god was taken. The temple authorities distributed the sweets to all the participants and wished the students for their social service rendered.

The Surveying work program took off by carrying necessary surveying equipment and instruments along with students on 26th February, 2022 from REVA campus, Bengaluru to Extensive Survey camp, Kaiwara. About 15 faculty along with 4 supporting staff participated in the survey camp activity.

Dr. Y Ramalinga Reddy, Director, School of Civil Engineering, REVA University and the director incharge B. Bhavana encouraged the event at kaiwara.

We would like to thank our beloved Chancellor, Dr. P. Shyama Raju for providing all facilities and support to conduct this event at kaiwara. We also thank Vice-Chancellor Dr.M.Dhanamjaya and Registrar Dr.Ramesh N. We would like to express our gratitude for the management of Sree Adinaryana Temple, Kaiwara for their permission and assistance during the event.
