INTRA-SCHOOL SPORTS DEPARTMENT

29 JUNE 2022

Few of the sports that were conducted are:

BADMINTON

TUG OF WAR

CARROM BOARD

INTRA-SCHOOL TOURNAMENT

Teaching is a skill that only teachers have got, but teaching is not the only skill teachers have got, to prove this FACE forum had organised a series of events for teachers.

The department of CSE never fails in not just entertaining the students but also the teachers to get them off the monotonous cycle.

The teachers participated in various sports events like Carrom Board, Lagori, Throw Ball, Badminton and Tug of War which were held in different locations.

The volunteers made sure that the event ran smoothly which made it a very successful event. Every sport that was played had maximum competition which brought the sportive side of the teachers.

ALUMINI MEET

30 JULY 2022

Coming back to a place that shaped the trajectory of one's own life is a priceless and unexplainable experience. Meeting old friends who travelled in different directions and sharing the life experiences with them makes this coming back an unforgettable event.

The School of Computer Science & Engineering and School of Computing & Information Technology organized "Alumni Meet-2022"- a programme to facilitate, consolidate and coordinate Alumni Activities, for 2014 to 2021 graduated students in Rangasthala.

Entertainment events were performed by the students for the the alumni followed by

which the alumni interacted with the students and gave valuable guidance on training, placement & also guided for tips to students on how to make a CV strong in order to meet the need of time & market. Some alumni shared their journey of success and hardwork, also the feelings of respect towards their home university & staff also reflected at the time.

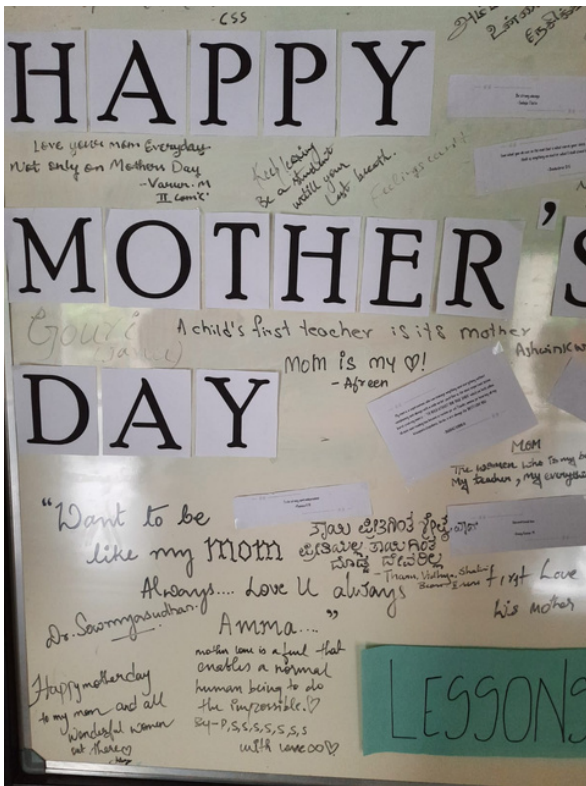

The event was stimulating and enjoyable and simultaneously profitable as all members shared their views ideate and good numbers of new ideas, information and insights came up. The function marked its end with high tea in Reva Rangasthala.

The Alumni Meet started with a welcome address by Dr. Ashwinkumar U.M, Deputy Director & Professor, School of Computer Science and Engineering.

HAPPY MOTHER'S DAY

Biology is the least of what makes someone a mother

The word mother which holds so much of value weighed to infinity is not just an integral part of one's life but also the one who gives life.

FACE forum added cherries to this celebration cake by making a decorative bulletin board where the students and teachers wrote one important lesson their mothers taught them. The board was filled with life lessons without which we would have not been where we are right now. Few faculties felt nostalgic and wrote about how much they miss their mothers.

This day was a reminder for everyone to be grateful of the sculptor who tuned them into a masterpiece that they are today...

RETROSPECT INDEPENDENCE DAY

"Where the mind is without fear
and the head is held high,
where knowledge is free.
Where the world has not been broken up
into fragments by narrow domestic walls.
Where words come out from the depth of
truth,
where tireless striving stretches its arms
toward perfection.
Where the clear stream of reason has not
lost its way
into the dreary desert sand of dead habit.
Where the mind is led forward by thee
into ever widening thought and action.
In that heaven of freedom, my father,
LET MY COUNTRY AWAKE!"

— Rabindranath Tagore, Gitanjali: Song Offerings

INDEPENDENCE DAY

This year's greatest event and a milestone in the pages of history of our great nation – The 76th Independence Day saw the tricolour hoisted with pride and waving with nationalism of the students of our university. It was indeed an honour for our School to be a part of the wondrous celebration of freedom. .

Several dance performances took place to show the diversity and unity of our republic. Our Honourable Chancellor, Dr P Shyama Raju presided over the university level event. Here is to hoping that our patriotism waves high like our tricolour.

The celebrations also witnessed the distribution of certificates of recognition to faculties and students who took part in the VANAMAHOTSAVA – A massive scale tree plantation programme, that is a prominent step to combat the perils caused by climate change.

VANAMAHOTSAVA

"What we are doing to the forests of the world is but a mirror reflection of what we are doing to ourselves and to one another.", this beautiful quote was said by Chris Maser.

From a long time now, people have planted trees for their own benefits and cut down the same for their own benefits. It's high time we stop just taking from trees and start giving instead. Our dependence is so interconnected but still we take it lightly, to put a stop to this School of CSE along with other departments went on a tree plantation drive.

This drive takes place every year under the name of VANAMAHOTSAVA where students and teachers take the responsibility of planting trees and also looking after them.

Tree plantation is not just something that should be done; instead, it is a necessity, the urgent need of the hour.

Planting of trees is especially important to protect our environment against air pollution and global warming. To this end, our young volunteers have been actively involved in organizing tree plantation campaigns.

SPORTS EVENTS

01

The recently concluded Commonwealth Games are testimony to the fact that Indian talent on the global stage is shining like never before. School of CSE offers immense support to the budding sports

02

An intra school sports tournament was organised for the students who participated with enthusiasm and vigour and showcased their sports-person-ship with honesty and zeal.

03

The events were conducted at the REVA Badminton court, REVA cricket ground, REVA indoor room between 29th June and 1st July 2022.

04

Deputy Director, Dr Ashwin Kumar presided over the inauguration and blessed the event with his valuable presence. The tiles here give a glimpse of the entire event.

ACHIEVERS' CORNER

School of CSE takes pride in announcing the tremendous placement drive and the robust opportunities that the students of the school have received for the academic year 2021-2022. We owe our allegiance to the Career Development Cell whose diligent efforts in training the students has yielded the finest of results. Here's to hoping that the further batches break the shattered records and take our university and school to the greatest of heights
