Foreword - Chancellor

My best wishes to all the schools for bringing out the Newsletter and for the commitment shown by the Director, the faculty and staff to achieve academic excellence and innovation. As you all know, research, experiment and innovation are always an integral part of the pedagogy at REVA University. Staff members and students actively participate in cutting-edge research projects at several institutions throughout the year. I believe that in this interconnected world, the role of research in a university is significant for its sustainability and development and it is imperative to have knowledge-driven growth, based on innovation. All our work also needs chronicling and dissemination of such information to all stakeholders is critical. A Newsletter from the school, I strongly believe, chronicles the entire journey of the school.

I am sure that this newsletter serves as a testimony to upholding all our efforts. Once again, congratulations to the school for your excellent Newsletter. Keep up the good work, and I wish you all the best in your future endeavors.

Dr. P Shyama Raju
Chancellor,
REVA University

Pro Chancellor's Message

It gives me immense pleasure to note that the various Schools at REVA have released another edition of the School Newsletter. I am pleased to note that every school has made several academic accomplishments, especially in the domains of research and publications, which further endorses REVA's effort in the global research community. As, one of the forerunners in providing quality education, we believe in and aspire to contribute quality research works. Our students also received an excellent opportunity to get exposure to adequate cultural, co-curricular and student outreach initiatives through student clubs and communities at REVA University.

I am happy to see that your newsletter is an outstanding example of your dedication and hard work. It also demonstrates the depth of your knowledge and the breadth of your skills. Let's keep this momentum going and look forward to further accomplishments in the future!

Mr. Umesh Raju

Pro Chancellor,
REVA University

Field Visit to Nandi Temple and Sir M.V Birth place, Muddenahalli

The first-year B.Tech civil engineering students of REVA University embarked on a Heritage Walk to the the historical sites of Nanid Temple in Chikkaballapur and Muddenahalli, the birthplace of Sir M

Visveswaraya on 24th May 2023, around 45kms from Bengaluru.

It is a customary at REVA University to bring each student to the Samadhi, or birthplace of Sir Mokshagundam Visvesvaraya, to take his blessings. On this field trip to historical buildings, 105 first-year first-semester B.Tech students in civil engineering participated. The programme coordinators were Prof. Amarnatha and Prof. Chandra Prakash.

During the field visit, the subject of civil engineering, the contribution civil engineers have made to the construction of historically significant buildings, and the significance of Sir M.V were discussed. The photos of the visit is shown in Fig. 2, 3.
