Foreword - Chancellor

My best wishes to all the schools for bringing out the Newsletter and for the commitment shown by the Director, the faculty and staff to achieve academic excellence and innovation. As you all know, research, experiment and innovation are always an integral part of the pedagogy at REVA University. Staff members and students actively participate in cutting-edge research projects at several institutions throughout the year. I believe that in this interconnected world, the role of research in a university is significant for its sustainability and development and it is imperative to have knowledge-driven growth, based on innovation. All our work also needs chronicling and dissemination of such information to all stakeholders is critical. A Newsletter from the school, I strongly believe, chronicles the entire journey of the school.

I am sure that this newsletter serves as a testimony to upholding all our efforts. Once again, congratulations to the school for your excellent Newsletter. Keep up the good work, and I wish you all the best in your future endeavors.

Dr P Shyama Raju

Chancellor,

REVA University

Pro Chancellor's Message

It gives me immense pleasure to note that the various Schools at REVA have released another edition of the School Newsletter. I am pleased to note that every school has made several academic accomplishments, especially in the domains of research and publications, which further endorses REVA's effort in the global research community. As, one of the forerunners in providing quality education, we believe in and aspire to contribute quality research works. Our students also received an excellent opportunity to get exposure to adequate cultural, co-curricular and student outreach initiatives through student clubs and communities at REVA University.

I am happy to see that your newsletter is an outstanding example of your dedication and hard work. It also demonstrates the depth of your knowledge and the breadth of your skills. Let's keep this momentum going and look forward to further accomplishments in the future!

Mr. Umesh Raju

Pro Chancellor,
REVA University

S. No.	Programme	Date
1	Pavement Material Characterization	03 rd July to 08 th July 2023

One Week Faculty Development Programme on “Pavement Material Characterization”

The Faculty Development Programme (FDP) organized by the School of Civil Engineering at REVA University took place from July 3rd to July 8th, 2023, at Sir. MV Block, 2nd floor, Seminar Hall, Room No-208.

The program commenced on July 3rd, 2023, at 10:00 am in Seminar Hall, Room No. 208. It witnessed the participation of 20 attendees from REVA University, Bengaluru, and 2 external participants from other institutes. The dignitaries present on the stage were Prof. Bhavana B, Director, School of Civil Engineering, REVA University; Dr. Harinath S, Academic Vertical Head, School of Civil Engineering, REVA University; and Dr. Hemanth V, Assistant Professor, Dr. Ambedkar Institute of Technology, Bengaluru.

The sessions throughout the program were highly interactive, with active participation from both participants and students, particularly on the topic of material characterization. The final day of the program commenced with an informative lecture by Dr. Avinash H T from REVA University, who shared insights into the fundamentals of Superpave mix design. During his presentation, he discussed his latest research on developing new material characterization techniques.
