Report on

“REVA Vanamathosava”

School/Department: Outreach and Extension Wing

Venue: Sougandika, REVA University

Date: 30th November 2024

Year: 2024

Participants: First-Year UG and PG Students (Batch 2024)

Description of Event:

On 30th November 2024, the Outreach and Extension Wing, in collaboration with the Central team, organized REVA Vanamathosava. The REVA Vanamahotsava – Distribution of Saplings event was organized with the aim of promoting environmental awareness and responsibility among the newly admitted students of the 2024 batch. As part of this initiative, saplings were distributed to all first-year undergraduate and postgraduate students to encourage them to actively contribute to environmental conservation from the beginning of their academic journey.

3348 students had attended the Program.

This initiative aligns with the United Nations Sustainable Development Goals (SDGs), particularly:

- SDG 13: Climate Action – by promoting tree plantation and raising awareness about climate change.
- SDG 15: Life on Land – by supporting afforestation and preservation of biodiversity.
- SDG 11: Sustainable Cities and Communities – by involving youth in sustainable environmental practices.

Outcomes:

- More than 3348 students received saplings and committed to maintaining the planting and nurturing them.
- Increased awareness among students about environmental conservation and sustainable living.
- Fostered a sense of responsibility and active citizenship among the student community.

The event was a successful step towards building an environmentally conscious campus and aligning with REVA University's vision of sustainable development.
