

## SDG 6 – Clean Water and Sanitation

### Report on

### “Agricultural activities”

**School/Department:** National Service Scheme (NSS)

**Venue:** Agricultural Land, REVA University

**Date:** 10<sup>th</sup> May 2025

**Year:** 2025

#### **Description of Event:**

On 10th May 2025, the NSS Unit of REVA University, in collaboration with Pariksha Vibaga, organized a one-day agricultural activity for NSS student volunteers at the university's agricultural land. The initiative aimed to promote sustainable agricultural practices, foster awareness about food security, and instil a sense of environmental responsibility among students. 21 students have attended the event.

#### **The Swachh Bharat Abhiyan (SBM) contributes to Sustainable Development Goal 6 (SDG 6)**

#### **The Learning Objectives of the program are:**

##### **Activities Conducted:**

- **Soil Preparation and Composting:** Students participated in tilling and preparing the soil using organic compost.
- **Seed Sowing and Plantation:** Various vegetable and crop seeds were sown using eco-friendly methods.
- **Irrigation Awareness:** Students were introduced to water-efficient irrigation techniques such as drip and sprinkler systems.
- **Discussion Session:** Experts from the Department of Agricultural Sciences conducted an interactive session on sustainable farming and the importance of organic agriculture.

### **SDG Linkages:**

- **SDG 2 (Zero Hunger):**

By promoting sustainable agriculture and practices like kitchen gardening, the activities contribute to increasing food security and addressing hunger.

- **SDG 12 (Responsible Consumption and Production):**

The focus on sustainable and organic methods reduces the reliance on chemically produced food and promotes responsible consumption patterns.

- **SDG 13 (Climate Action):**

Promoting sustainable agricultural practices and tree planting can help mitigate climate change by reducing greenhouse gas emissions and improving carbon sequestration.

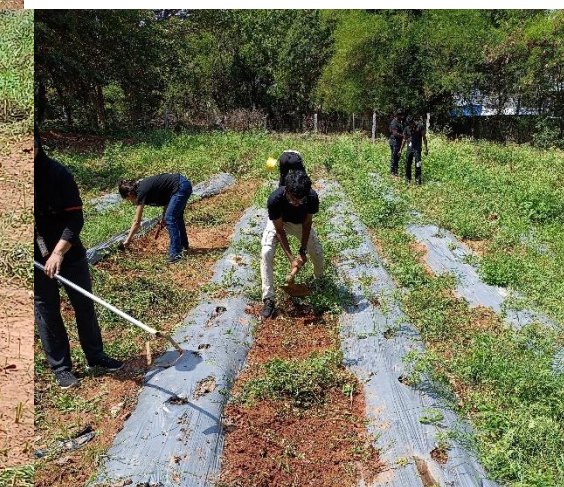

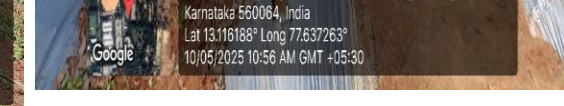

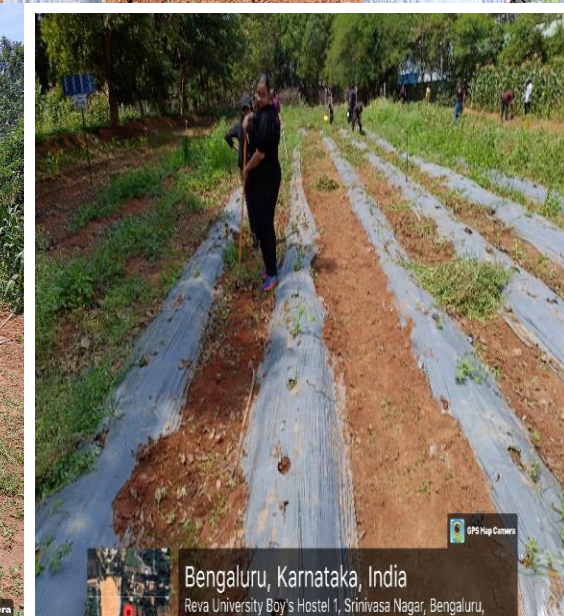

- **SDG 15 (Life on Land):**

The activities promote biodiversity and ecosystem health by encouraging sustainable farming practices and tree planting

### **Activities Conducted:**

- **Soil Preparation and Composting:** Students participated in tilling and preparing the soil using organic compost.
- **Seed Sowing and Plantation:** Various vegetable and crop seeds were sown using eco-friendly methods.
- **Irrigation Awareness:** Students were introduced to water-efficient irrigation techniques such as drip and sprinkler systems.
- **Discussion Session:** Experts from the Department of Agricultural Sciences conducted an interactive session on sustainable farming and the importance of organic agriculture.
